As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

(10×2=20)

- a) Define septic shock.
- b) Define carbuncle.
- c) Define cellulitis.
- d) Define epithelioma.
- e) Define cyst.
- f) Define fistula.
- g) Explain rule of nine.
- h) Define Burger's disease.
- i) Define Goitre.
- j) Define Fournier's gangrene.
- k) Define Amblyopia.
- l) Write two causes of corneal ulcer.
- m) Define Buphthalmos.
- n) Write down 2 causes for Red eye.
- o) Write down 2 causes for blindness.

P.T.O.

2. Write short answer (**any four** out of six) :

(4×5=20)

- a) Trophic ulcer
- b) Sebaceous cyst
- c) General nursing care in head injury
- d) Indications of Blood Transfusion
- e) Pterygium
- f) Chalazion.

3. Write short answer (**any four** out of six) :

(4×5=20)

- a) Acute Lymphadenitis
- b) Abscess
- c) Simple Goitre
- d) Acute Paronychia
- e) Diabetic Retinopathy
- f) Acute Dacryocystitis.

4. Long answer question (**any two** out of four) :

(2×10=20)

- a) Define aetiology, clinical features, types and management of Haemorrhages.
- b) Explain gangrene, its causes, types and dry gangrene in detail.
- c) Define wound. Classify wound and write about the factors affecting wound healing.
- d) Describe aetiology, pathology, clinical features and treatment of allergic conjunctivitis.

Long answer question (**any one** from Q. No. 5, 6 and 7) :

5. Long answer question :

(1×20=20)

Define shock. Classify shock and write in detail about hypovolaemic shock.

6. Long answer question :

(1×20=20)

Explain varicose veins in detail in relation to aetiology, clinical features, investigations and management.

7. Long answer question :

(1×20=20)

Define Cataract. Classify cataract and write in detail etiology, clinical features and management of 'senile cataract'.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

(10×2=20)

- a) Define scald.
- b) Define Lipoma.
- c) Define Carbuncle.
- d) Define Keloid.
- e) Enumerate symptoms of Dry Gangrene.
- f) Define Fibroadenoma.
- g) Define Thyroiditis.
- h) Enumerate types of Amputation.
- i) Define Cardiogenic Shock.
- j) What is Cardio Pulmonary Resuscitation ?
- k) Types of Cataract.
- l) Define Glaucoma.
- m) Define Leucoma.
- n) Define Exophthalmos.
- o) Define Iridocyclitis.

P.T.O.

2. Write short answer (any four out of six) : (4x5=20)

- a) Trophic Ulcer.
- b) Difference between Carcinoma and Sarcoma.
- c) Indications of Blood transfusion.
- d) Toxic nodular Goitre.
- e) Squint.
- f) Internal Hordeolum.

3. Write short answer (any four out of six) : (4x5=20)

- a) Hodgkin's Lymphoma.
- b) Difference between Pyaemic and Pyogenic abscess.
- c) Difference between cerebral concussion and cerebral contusion.
- d) Fibroadenoma of Breast.
- e) Blepharitis.
- f) Differential diagnosis of Red eye.

4. Long answer question (any two out of four) : (2x10=20)

- a) Define Varicose Veins. Discuss its aetiology, clinical features, clinical tests and complications for the same.
- b) Define and classify Haemorrhage. Write management of concealed Haemorrhage.
- c) Describe aetio-pathology, clinical features and prophylactic measures of Tetanus.
- d) Enumerate errors of Refraction and describe Myopia in detail.

Long Answer Question (any one from Q. No. 5, 6 and 7) :

5. Long answer question : (1x20=20)

Define cyst. Describe types, classification, clinical features and complication of cyst.

6. Long answer question : (1x20=20)

50 years male having 60 kg weight suffering from 30% burn due to household fire injury. Write in detail about its pathophysiology, metabolic effects and management.

7. Long answer question : (1x20=20)

Define Conjunctivitis. Write its Classification, aetio-pathogenesis, clinical features and management of an epidemic conjunctivitis.

---

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

(10×2=20)

- a) Define Shock
- b) Define Superficial burns
- c) Explain Rule of nine
- d) Define healing by secondary intention
- e) Define cellulitis
- f) Define keloid
- g) Define tumor
- h) Define Trophic ulcers
- i) Define Goitre
- j) Define pyogenic Abscess
- k) Define conunctivitis Conjunctivitis
- l) Define squint
- m) 2 causes of excessive lacrymation
- n) Define pterigium
- o) Define glaucoma.

2. Write short answer (any four out of six) :

(4×5=20)

- a) Lipoma
- b) Raynaud's Disease
- c) Indications of blood transfusion
- d) Difference between Cerebral concussion and cerebral compression
- e) Blepharitis
- f) Myopia.

3. Write short answer (any four out of six) :

(4×5=20)

- a) Diabetic ulcer
- b) Thrombophlebitis
- c) Paronychia
- d) Clinical features of Tetanus.
- e) Hypermetropia
- f) Acute Dacrocystitis.

4. Long answer question (any two out of four) :

(2×10=20)

- a) Describe etiology, clinical features, complications and general management of Varicose veins.
- b) Describe in detail about Haemorrhage.
- c) Describe in detail about septic shock.
- d) Classify Cataract and describe in detail about Senile cataract.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Long answer question.

Define Gangrene. Discuss causes and clinical types of gangrene and describe in detail about Dry gangrene.

(1×20=20)

6. Long answer question.

Define cyst. Name its types, Write in detail about sebaceous cyst.

(1×20=20)

7. Long answer question

Describe aetiology, clinical features, complications and general management of Corneal Ulcer.

(1×20=20)

**Thirld B.H.M.S. (New) Examination, Winter 2016  
SURGERY AND HOMOEOPATHIC THERAPEUTICS – I**

Total Duration : 3 Hours

Total Marks : 100

- Instructions:**
- 1) Use **blue/black** ball point pen only.
  - 2) **Do not write anything on the blank portion of the question paper.** If written anything, such type of act will be considered as an attempt to resort to unfair means.
  - 3) **All questions are compulsory.**
  - 4) The number to the **right** indicates **full** marks.
  - 5) **Draw diagrams wherever necessary.**
  - 6) **Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.**

1. Write short answers (any ten out of fifteen) :

(10×2=20)

- a) Give any two indications of blood transfusion.
- b) Define Reactionary haemorrhage.
- c) Define Pyaemic abscess.
- d) Define true cyst.
- e) Define cellulitis.
- f) What is frostbite ?
- g) Define Erysipelas.
- h) What is Hypertrophic scar ?
- i) Any two factors causing delayed wound healing.
- j) What is Risus sardonicus ?
- k) Write four causes of Red Eye.
- l) Two causes of blindness.
- m) Define Chemosis.
- n) Define presbyopia.
- o) Define trachoma.

04701 A

(4×5=20)

2. Write short answer (any four out of six) :

- a) Define Cold abscess.
- b) Enumerate Thromboangiitis obliterans.
- c) Sebaceous cyst.
- d) Decubitus ulcer.
- e) Xerophthalmia.
- f) Dacryocystitis.

(4×5=20)

3. Write short answer (any four out of six) :

- a) Classification and management of scalded burn.
- b) Cellulitis.
- c) Varicose ulcer.
- d) Universal Tumour.
- e) Hypermetropia.
- f) Pterygium.

(2×10=20)

4. Long answer question (any two out of four) :

- a) 30 year old person following road traffic accident undergone trauma to lowerlimb with open injury giving active bleeding. Write in detail diagnostic understanding with management.
- b) Describe clinical features and management of tetanus.
- c) Describe types of wounds and write factors important in healing of wound.
- d) What is Cataract ? Discuss senile cataract in detail.

Long answer question (any one from Q. No. 5, 6 and 7) :

5. Long answer question :

(1×20=20)

Define Gangrene. Write its patho-physiology, types, clinical features, investigation and management.

6. Long answer question :

(1×20=20)

Write in detail about Cardiogenic shock.

7. Long answer question :

(1×20=20)

Discuss Conjunctivitis with its aetio-pathology, classification, clinical features, complications and management.

---

**Third B.H.M.S. (New) Examination, Summer 2016  
SURGERY AND HOMOEOPATHIC THERAPEUTICS – I**

Total Duration: Section A/B = 3 Hours

Total Marks : 100

**SECTION – A/B**

- Instructions:** 1) *All questions are compulsory.*  
 2) *All questions carry equal marks.*  
 3) *The number to the right indicates full marks.*  
 4) *Draw diagrams wherever necessary.*  
 5) *Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.*  
 6) *Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from paper – I syllabus to paper – II and vice versa. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.*

**(SAQ)**

**(60 Marks)**

1. Write appropriate answers (**any ten out of fifteen**) :

**(10×2=20)**

- a) What is Septicemic shock ?
- b) Calendula in wounds.
- c) Two causes of Cervical lymphadenitis.
- d) What is Reactionary hemorrhage ?
- e) What is McBurney's Point ?
- f) Define Erysepalus.
- g) Define Anaphylactic shock.
- h) Define Stomatitis.
- i) What is Cancrum Oris ?

**P.T.O.**

- j) What is Sepsis and Asepsis ?
- k) What is Catgut ?
- l) Conjunctivitis.
- m) Define Trachoma.
- n) Define Strabismus.
- o) Amblyopia.

2. Write short answer (**any four** out of six) :

(4×5=20)

- a) Diabetic Ulcer
- b) Describe Paronychia in detail
- c) Define Shock and name different types of shock
- d) Dermoid Cyst
- e) Cataract
- f) Xerophthalmia

3. Write short answer (**any four** out of six) :

(4×5=20)

- a) What is Hemangioma and write types of capillary hemangioma ?
- b) What is Fibroma and write its types ?
- c) Universal Tumour.
- d) Describe Acute Suppurative Otitis Media.
- e) Define Cataract and write the stages of Cataract.
- f) Blepharitis.

(LAQ)

(40 Marks)

4. Long answer question (**any two** out of four) :

(2×10=20)

- a) Describe causes of lower limb ischemia ? Describe in detail about TAO.
- b) Define Ulcer and write classification of Ulcer ?
- c) Define Abscess ? Give classification of abscess ?
- d) Write differential diagnosis of dimness of vision ?

Long answer question (**any one** from Q. No. 5, 6 and 7) :

(1×20=20)

5. Define Burn and write under following heads :

- |                     |   |
|---------------------|---|
| a) Classification.  | 5 |
| b) Pathophysiology. | 5 |
| c) Management.      | 5 |
| d) Complications.   | 5 |

6. Define Hemorrhage. And write the same under following headings :

- |  |   |
|--|---|
| a) Classification.                       | 5 |
| b) Types.                                | 5 |
| c) Pathophysiology of hemorrhagic shock. | 5 |
| d) Management.                           | 5 |

7. Define Iridocyclitis and write the same under following headings :

- |                                  |   |
|----------------------------------|---|
| a) Aetiological factors.         | 5 |
| b) Pathogenesis.                 | 5 |
| c) Clinical features.            | 5 |
| d) Complications and management. | 5 |
-
