- f) Define achalasia cardia.
- g) Define leucoplakia.
- h) Four causes of dental caries.
- i) Tennis elbow.
- j) Osteogenesis imperfecta.
- k) Define scoliosis.
- l) Define otosclerosis.
- m) Four causes of Acute Pharyngitis.
- n) Rhinitis sicca.
- o) Two causes of Hoarseness of Voice.

P.T.O.

04701 B

2. Write short answer (any four out of six) :

(4×5=20)

- a) Acute Pancreatitis.
- b) Discuss in detail chronic gastric ulcer.
- c) Stove-in chest.
- d) Dental formula.
- e) Colles's fracture.
- f) Otomycosis.

3. Write short answer (any four out of six) :

(4×5=20)

- a) Direct inguinal hernia.
- b) Cystic hygroma.
- c) Dental attrition.
- d) Osteomyelitis.
- e) Acute Rhinosinusitis.
- f) Direct and indirect Laryngoscopy.

4. Long answer question (any two out of four) :

(2×10=20)

- a) 12 years female complaining of pain in right Iliac fossa since 2 days. Discuss in detail Differential diagnosis for the same.
- b) Discuss in detail Tumours of Mammary gland.
- c) Define Osteoarthritis. Give its aetiology, patho-physiology, investigations and management.
- d) Discuss about aetiology, clinical features, types, investigations and management of Acute Tonsillitis.

Long answer question (any one from Q. No. 5, 6 and 7) :

5. Long answer question :

(1×20=20)

Discuss Benign Prostatic Hypertrophy with aetiology, clinical features, investigation and management.

6. Long answer question :

(1×20=20)

12 years old boy under gone a injury of Fall onto an Outstretched hand. Discuss differential diagnosis for the same. And write any one in detail.

7. Long answer question :

(1×20=20)

Discuss in detail about Chronic Suppurative Otitis Media with its aetio-pathology, clinical features and management.

Third B.H.M.S. (New) Examination, Summer 2017
SURGERY AND HOMOEOPATHIC THERAPEUTICS – II

As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

(10×2=20)

- a) Write two types of gall stones.
- b) Define cystitis.
- c) What is Murphy's triad ?
- d) Write four clinical feature of acute appendicitis.
- e) Write two clinical features of fracture rib.
- f) Define thyroglossal cyst.
- g) Define ranula.
- h) Define leukoplakia.
- i) Define greenstick fracture.
- j) Define colles fracture.
- k) Define compound fracture.
- l) Define otitis externa.
- m) Write two types of deafness.
- n) Define quinsy.
- o) Define otosclerosis.

04701 B

(4x5=20)

2. Write short answer (any four out of six) :
- a) Amoebic liver abscess.
 - b) Explain aetiology and management of haematuria.
 - c) Discuss in detail mastitis.
 - d) Indications of tooth extraction.
 - e) Discuss in detail cervical spondylosis.
 - f) Define and explain vertigo.

(4x5=20)

3. Write short answer (any four out of six) :
- a) Aetiology and clinical features and management of inguinal hernia.
 - b) Explain in detail flail chest.
 - c) Explain impacted third molar tooth.
 - d) Explain potts fracture.
 - e) Explain acute maxillary sinusitis.
 - f) Define and explain mastoiditis.

(2x10=20)

4. Long answer question (any two out of four) :
- a) Explain renal stones in detail.
 - b) Explain goitre in detail .
 - c) Explain osteomyelitis in detail.
 - d) Define otitis media. Explain stages of acute suppurative otitis media.

Long answer question (any one from Q. No. 5, 6 and 7) :

(1x20=20)

5. Long answer question :
Define acute cholecystitis. Write it's types, aetiology, clinical features and management.

(1x20=20)

6. Long answer question :
Explain Ca breast in detail with it's types and clinical features and management.

(1x20=20)

7. Long answer question :
Explain epistaxis in detail with it's aetiology, investigations and management.
-

Third B.H.M.S. (New) Examination, Winter 2016
SURGERY AND HOMOEOPATHIC THERAPEUTICS – II

Total Marks : 100

- Instructions:**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all Sections**.

1. Write short answer (any ten out of fifteen) : (10×2=20)
- a) Write any four types of urinary stones.
 - b) Define hydronephrosis.
 - c) Write any four clinical features of gastric ulcer.
 - d) 4 clinical features of acute pancreatitis.
 - e) Define flail chest.
 - f) Two causes of hyperthyroidism.
 - g) Define gingivitis and explain two clinical features.
 - h) Define odontalgia.
 - i) Define Greenstick fracture.
 - j) Define sequestrum.
 - k) Define colle's fracture.
 - l) Define Menier's disease.
 - m) Write any two stages of ASOM.
 - n) Write four clinical features of acute laryngitis.
 - o) What is meant by conductive deafness ?

04701 B

2. Write short answer (any four out of six) :

(4×5=20)

- a) Pseudopancreatic cyst.
- b) Difference between direct and indirect inguinal Hernia.
- c) Pneumothorax.
- d) Define carries teeth. Write its causes, clinical features and treatment.
- e) Define and explain TB arthritis.
- f) Define and explain nasal polyps.

3. Write short answer (any four out of six) :

(4×5=20)

- a) Aetiology and clinical features of renal stone.
- b) Define goiter and explain hypothyroidism.
- c) Define and explain euplis.
- d) Explain cervical spondylosis.
- e) Explain wax in ear.
- f) Define and explain quinsy.

4. Long answer question (any two out of four) :

(2×10=20)

- a) Explain Gallstone in detail with its treatment.
- b) Explain thyroglossal cyst in detail.
- c) Explain osteoarthritis in detail.
- d) Define earache and explain causes of earache.

Long answer question (any one from Q. No. 5, 6 and 7)

5. Long Answer Question :

(1×20=20)

Define Acute appendicitis. Write its types, aetiology, clinical features, investigations and treatment in detail.

6. Long Answer Question :

(1×20=20)

Define fracture and explain fracture neck femur in details with its types, clinical features, investigations and treatment.

7. Long Answer Question :

(1×20=20)

Define Deviated Nasal Septum. Explain its aetiology, types, clinical features and treatment in detail.

04701B

Third B.H.M.S. (New) Examination, Summer 2016
SURGERY AND HOMOEOPATHIC THERAPEUTICS – II

Total Duration : Section A/B = 3 Hours

Total Marks : 100

SECTION – A/B

- Instructions :**
- 1) **All questions are compulsory.**
 - 2) **All questions carry equal marks.**
 - 3) **The number to the right indicates full marks.**
 - 4) **Draw diagrams wherever necessary.**
 - 5) **Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.**
 - 6) **Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from Paper – I syllabus to Paper – II and vice versa. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.**

SAQ (60 Marks)

1. Write appropriate answers (any ten out of fifteen) :
- a) Name four different types of Gall Stones.
 - b) Four causes of bleeding per rectum.
 - c) Name 4 types of Appendicitis according to position.
 - d) Define Volvulus.
 - e) Define Achalsia Cardia.
 - f) Define Dysphagia.
 - g) Dental Caries.
 - h) Halitosis.
 - i) Define Green Stick Fracture.
 - j) Define Colles Fracture.
 - k) Four complications of Fracture.
 - l) Vocal Cord Nodules.
 - m) Conductive Deafness.
 - n) 4 indications for Tracheostomy.
 - o) Define Rhinitis Sicca.

(10×2=20)

2. Write short answer (any four out of six) :
- a) Fistula in Ano.
 - b) Clinical features of Intestinal Obstruction.
 - c) Thyroglossal Cyst.
 - d) Epulis.
 - e) Osteoarthritis.
 - f) Acute Sinusitis.

(4×5=20)

04701B

(4x5=20)

3. Write short answer (any four out of six) :
- a) Clinical features of Duodenal Ulcer.
 - b) Clinical features of Toxic Goitre.
 - c) Impacted Third Molar.
 - d) Discuss types of Fractures.
 - e) Meniers disease.
 - f) Causes of Epistaxis.

LAQ (40 Marks)

(2x10=20)

4. Long answer question (any two out of four) :
- a) Discuss Cholelithiasis in detail.
 - b) Discuss midline swelling of neck.
 - c) Explain Rheumatoid Arthritis.
 - d) Explain Quinsy in detail.

Long answer question (any one from Q. No. 5, 6 and 7)

(1x20=20)

Long Answer Question :

5. Discuss Ulcerative Colitis
- a) Aetiology
 - b) Clinical features
