1. Write short answer (any ten out of fifteen) : (10×2=20)
- a) Write two characteristic features of Natrum sulph in Asthma.
 - b) Write two characteristic features of Bryonia alb in pleurasy.
 - c) Write two characteristic features of Hepar sulph for cough.
 - d) Write two characteristic features of pulsatilla in Measles.
 - e) Write two characteristic features of Mercurius in Mumps.
 - f) Write two characteristic features of lycopodium in hepatitis.
 - g) Write two characteristic features of nux vomica in gastritis.
 - h) Write two characteristic features of berberis v in gall stone.
 - i) Write two characteristic features of ferrum met in iron deficiency anaemia.
 - j) Write two characteristic features of natrum mur in marasmus.
 - k) Write two characteristic features of calcarea carb in obesity.
 - l) Write two characteristic features of China in spleenomegaly.
 - m) Mention names of any four remedies indicated for hypothyroidism.
 - n) Write two characteristic features of calcarea phos in rickets.
 - o) Write two characteristic features of glonoine in heat stroke.

P.T.O.

(4×5=20)

2. Write short answer (**any four** out of six) :

- a) Write indications of Arsenic alb in asthma.
- b) Write indications of Natrum mur in hyponatremia.
- c) Write indications of pulsatilla in mumps.
- d) Write indications of Sanicula for marasmus.
- e) Write indications of Nux vom for Gastritis.
- f) Write indications of China for spleenomegaly.

(4×5=20)

3. Write short answer (**any four** out of six) :

- a) Write indications of Ferrum met for iron deficiency anaemia.
- b) Write indications of Baptisia for typhoid fever.
- c) Write indications of natrum mur in hypothyroidism.
- d) Write indications of Calcarea carb for lymphadenopathy.
- e) Write indications of Natrum carb for heat stroke.
- f) Write indications of Bryonia alb in pleurisy.

(2×10=20)

4. Long answer question (**any two** out of four) :

- a) Indications of Digitalis and Cactus G in cardiovascular diseases.
- b) Indications of Bufo R and Cicuta v in epilepsy.
- c) Indications of Berberis v and sarsaparilla in kidney diseases.
- d) Indications of Colchicum and ledum pal in rheumatic complaints.

Long answer question (**any one** from Q. No. 5, 6 and 7) :

5. Long answer question.

(1×20=20)

Write homoeopathic approach in the treatment of meningitis under following headings.

- a) Scope and limitation
- b) Acute prescribing
- c) Chronic prescribing
- d) Auxillary/Preventive measures and indication of two important remedies for the same.

6. Long answer question.

(1×20=20)

Write homoeopathic approach in the treatment of angina pectoris under following headings.

- a) Scope and limitation
- b) Acute prescribing
- c) Chronic prescribing
- d) Auxillary/Preventive measures and indication of two important remedies for the same.

7. Long answer question.

(1×20=20)

Write homoeopathic approach in the treatment of osteoarthritis under following headings.

- a) Scope and limitation
 - b) Acute prescribing
 - c) Chronic prescribing
 - d) Auxillary / Preventive measures and indication of two important remedies for the same.
